Dear Mr. Baron,

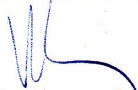

Thank you for our letter and the enclosures. I enclose a copy of the paper on the self-fulfilling prophecy of media information that smoking causes illness. I hope you do manage to publish your piece on Doll; he would have made a good Jesuit inquisitor.

I am afraid I can't find what I might have written to or about Billig. I remember him accusing me of having given an interview to the Beacon, and I pointed out that the interviewer had never mentioned the Beacon, but that he was a free-lance who would try and get it into the Guardian. I was rather surprised when it appeared in the Beacon, or rather when Billig wrote about it having appeared in the Beacon. I didn't know anything about it of course!

I also enjoyed your exposure of the "Searchlight" group. It must have taken a long time to get all this together!

All best wishes,

Yours sincerely,

H.J. Eysenck.
