Imbolc, 1989 (Groundhog's Day to you non-Pagan, Occult, Wiccan types)

Dear worthless whoredog, you miserable pit of hell slimeball creature, you worm, you licker of muddy boots, you shoveler of lawyer's shit, you wearer of three piece suits with ties, you watcher of the nightly news, you reader of secret pornography, you think that you can get away with your pitiful existence, but **HAI your MISTRESS KNOWS ALL AND SEES ALL!!!!** In other words, I'm in a good mood today. Like I want to kick some guy in a power suit down the stairs and beat his face in with a tire chain. Like I want to eat a couple of teen-aged disc jockeys into a small residue of bloody foam. Like I want to strangle a doctor on his own stethoscope. Any more ideas?

I have gotten several letters of complaints from swingers who answered my ads, expecting another consenting couple, and were disappointed. Let me clarify things, since I do not mean to be misleading. I have been out and about in the world of S-M for three years now, after seven years of either secret practice or avoiding the issue, trying to purge myself of my "wrong" and evil impulses. With the help of PEP (which I was with from 12-86 to 10-87 only, and am no longer associated with), Mensa and SCA friends, my beloved baby, and Bert and Nadine, I was able to come out and accept the impulse in myself. Most of 1987, I shared a house with a cross-dresser/enema freak who was a close friend. After I moved out of his place, I put an ad in Sunshine Exchange saying that I would be happy to talk to a few people about S-M. That ad is reproduced on my flyer "Would you like to call me for free S-M phone sex?" so that you will know who I am. I don't do free phone sex anymore **with strangers**. I have a child in my home, I work nights and go to school days, sleep at odd hours, and try to spend evenings at home with my family, living as normally as possible. Because of his schedule and mine, the only time I see my baby now is evenings, before I go to work and he goes to the gym and then home. Don't call me for free phone sex unless I have specifically given you permission to do so, and if you call at the wrong time I reserve the right to be very, very rude to you. That is an **old ad**; I called myself little EVA so that people who have taken history in college will know my relationship with my baby. ("Hitler.")

My name is MISTRESS ANNE! If you are a slave-dog **submissive** type you will call me nothing else. You will never get off your knees when you write or phone me. You will never hold your head up higher than mine when we are in public, and you will only kiss me below the knee-- that is, wherever on my foot I tell you to kiss me at, and whenever it pleases me to order you to do so. A submissive may be a slave like Slave Steve, who provides me with many services in exchange for being allowed to serve me, or hw may be a commercial slave, who pays me \$40 per hour to be whipped, caned, beaten, verbally humiliated, mancalled, tied, caged, and ordered to cross-dress. Commercial slaves are carefully screened and selected, and must take me out to dinner before I will consider them. My **friends and lovers** are allowed to call me Nancy, but only those who I recognize as equals. These people can play heavier and harder with me, because I never charge them any. My equals are allowed to kiss my hand when we meet, and they are the only people who can engage in oral and genital sex with me. Only my **one true love** can be involved in any high-risk sexual activity with me, or take me on trips. Since I went back to school, we have not been together at swinger's conferences, S-M meetings, or private swaps, because when I see him so rarely I want him all to myself.

Some of my friends are straight; some gay or lesbian; some swingers, some players, and some monogamous. Please be careful what you say to one another, and always be discrete with identities. I cannot pass anyone's phone number along or procure you women. There are clubs and magazines that do that; please see my resource list if you are interested in stuff like that. New list out by 3-89.

Those of you who have given me names and addresses that went into my rollodex were surprised to receive business cards in the mail- one each from the dance-a -gram service that I work for at night, and one from my Information business, FIREBALL EXPRESS. I am spending most of the extra money out of my student loan on PR type stuff, trying to build up a loyal following to send me money, meet me for lunch and dinners, and write to me. I am a true, sincere dominant who would be happy to do this for free, if I could afford it. I am not independantly wealthy; as Nancy Ava Miller was when she started her group. I don't want to run a huge change of S- M clubs; I want to keep my private dungeon quiet. What I would like to do is change society's attitude about S - M by being a fairly open person. Someday, my goal is to be a well-known entertainment personality, like Elvira, the vampiress, is. Somewhat campy and somewhat education, and very, very sexy. I am taking a risk by telling vanilla people that I am the great and mysterious Mistress Anne, because most people can not understand, and those that do know what I am talking about do not always approve.

You should shortly receive a package labelled "The Best of Messages TO MISTRESS ANNE." This will be a compilation of all the best letters I have gotten in the past two years. Some are from submissives, and will show you how I would like you to write to me-- humble, creative, and intelligent. Some are from other dominants, or people that I think you should know. There are so few sincere women in the S -M circles, and so few real couples (as opposed to a man who claims to have a sexy bisexual wife and then who can't produce her on demand.) that I am putting the few couples letters that I have received in it. Names and addresses will be blocked out, but if you would like to write to anyone, send it to me inside a double envelope, and I will pass it along. There are only so many of us out there, so you may have seen me or my friends somewhere in ads in adult magazines. I will include four pages of Xeroxes of photos of me-- taken by a friend who is a professional photographer. The 1987 shots were in a studio, by myself, and the 1988 shots were in someone's home, while I was torturing an anonymous male slave. There are a few older or odd photos, but I can't guarantee that they will come out. My photo sheets were previously being duplicated by UNM duplicating, but they recently refused to do any more photos, because of the S & M content. Nobody else does such good work. Write letters of complaint to Michael, UNM SUB duplicating center, Univeristy of New Mexico, Albuquerque, NM 87131.

I have two more packets of Xeroxed photos, each six pages long, obviously black and white. They are \$3 each or both for \$5; one is more graphic nipple and genital torture than the other, which has more of me posing and undressing. Neither one shows pink, because your Mistress would lose too much power if you saw her nude. **Nobody sees pink unless they are asked into her bed, so there!**

I am not commercial enough to make endless amounts of money!

I need \$1200 per month to keep the apartment , pay the babysitter, and eat!

I only do a few scenes a month; most of my income comes from Amber the Stripper!

If you want to keep me writing about S & M, if you want to keep me in school, please pay for any of the following merchandise that you would like to receive!

Two years ago, I started passing out free bumper stickers to every inquiry. It took me a year to get rid of 100. Now I have a printing of 1,000. If you do not have a Mistress Anne bumper sticker for your car or for your dungeon wall, just write and ask me. I also printed up 50 T-shirts. Slaves Steve, Doug, and Susan have been begging me for T-shirts to wear for a long time. I will give a free T-shirt to any slave who will pay to run an ad for me in any adult- swinger's- or contact type magazine. (You must get approval of any photo and wording with me in advance, plus send evidence that said ad was paid for and ran.) The T-shirts and bumper stickers are identical, canary yellow with black letters:

ORDER SHEET

PLEASE MAKE OUT ALL CHECKS AND MONEY ORDERS TO: Nancy Douglas
I cannot be responsible for cash sent through the mails; I can send receipts.
I do not keep mental track of your letters or your money--that is why I write things down. Your mail gets answered when I have time or when a slave comes over to help me. Don't call to ask me about your money or to discuss your letter because it's either processed and coming back or else sitting in the in basket, and either way, I don't have the damdest which letter you are talking about. I get between three to five new inquiries per week, plus about ten letters from old friends and family--on the average, and more after a new magazine comes out with my ad or in the two weeks after a mass mailing. If you want to be sure to get a reply by mail, send a SASE--self-addressed stamped envelope-- or else wait until I get money for stamps again. Use this order form if you want priority processing of your T-shirt and newsletter order.

REMEMBER MARCH SEVENTH!!!REMEMBER MARCH SEVENTH!!!REMEMBER MARCH SEVENTH!!!

REPRINTS OF B & D Pleasures -from late 1987. I took this to a Xerox place right before I lost my apartment in September. I lost custody of my son in November, after being turned down for three \$20,000 a year jobs that I was close to getting. (Within top four interviewees.) I had four 1987 newsletters picked up and published by them; this packet has three, plus several large photos of me that ran with the stories. You can order them directly from B & D Industries, or get these, which have been shrunk to normal 8 x 11½ format and Xeroxed. My new photo-Xeroxing place is quite good, but hard to get to without a car. When I dropped off my photopaks, they brought out this old bundle, which they had held for a year and a half, and offered it to me. It also has old informational flyers on PEP at the time of the split.(\$10 each.)

- S Original Mistress Anne fan club T-shirts at \$10 plus \$2 shipping/handling.
- M Many friends and faithful slaves received these free. Bright Canary
- L yellow with black letters. Still given away free as awards to people who send me magazines, who place ads for me, or otherwise earn them.
- These are lightweight runner's T-shirts, such as are given as prizes to anyone completing a minor road race. Collector's item. (\$12)

\$17 ea Special orders of Beefy-T's can be placed on demand. These are a shade heavier, and you must specify the shade and size wanted. Orders of six \$15 ea must be placed, so if you want one, I must sell the other five--or else.

S	these are men's shirt sizes, but a small is snug on a medium female like me.				
M

XL	women love X-tra large T-shirts for sleeping in, especially college women				

That's \$12 per original yellow shirt and \$17 per special order; you can save the S/H charge by shopping at the Candy Lady or the General Store in Albuquerque. Both will carry these shirts for 30 days, or until they stop selling out.

Please wear your shirts on March seventh of each year, to commemorate the anniversary of when I first appeared on TV here in Albuquerque.
Love always-----M. Anne
