Dear Sir,

In tonight's paper, your correspondent Rosamund Urwin wonders why Donald Trump is still President when no fewer than 19 women have accused him of sexual misconduct. Does she also wonder why his Democratic Party rival is still at liberty when countless thousands of the gullibles have accused her of serial murder? Surely Miss Urwin has heard of the Clinton death list?

In this age of social media and publicity seekers, anyone can make any allegation against a politician or celebrity, and many do. Miss Urwin may continue to roar, but until she has something intelligent to say, I for one will not listen to her.

Yours Faithfully,

A Baron
