

**GERRY GABLE SAYS: FIGHT RACISM:
SMASH THE RACIST, HOMOPHOBIC
ASYLUM BILL**

The *Jewish Chronicle* for February 2nd ran an article which revealed that up to 10,000 Ethiopian "Jews" living in Israel had rioted outside the Prime Minister's window. The reason for this was that Israeli health officials had recently announced that all blood donated by Ethiopians was routinely thrown away. These blacks are up to 50 times more likely to carry the AIDS virus than pure Jews.

As a Jew I am totally opposed to the infection of Jewish blood with AIDS-infested black blood. Ethiopians may call themselves Jews but anyone can call himself a Jew. Obviously we can't allow the blood of the children of Israel to be diluted by this black poison. But what can we British do to ease the plight of these poor people? The answer is to bring them here.

Unlike Israel, a small country dedicated to the preservation of the Jewish race, Britain is an enormous country with a national health service that has more than enough resources to treat any AIDS sufferers who want to come here. It's only Aryan scum like the British National Party who want to keep these poor blacks out. The BNP are also homophobic; they have stated time and time again that when they come to power they will send all gay people to the gas chambers along with the blacks and us Jews. The BNP must be driven off the streets and banned. All racism and homophobia must be outlawed.

Britain is the most racist country in Europe next to Germany, because while Germany exterminated six million Jews in the gas chambers of Belsen and Dachau, Britain stood idly by. We must never allow this to happen again, so Britain must abolish its racist immigration controls and allow free immigration for all blacks and all gay people. Demonstrate against the racist asylum bill now. Only a racist or fascist wouldn't. And you know what they did, they gassed six million lovely Jews. Just like me.

Hasn't Sharon Davies done well for herself? Wouldn't you like your blonde daughter to run off with a black man and have half-caste babies instead of healthy white ones? Only a racist wouldn't, and you're not a racist, are you? Remember: six million Jews.
