*"We have been on many guided tours of vineyards from Bordeaux to the Loire to Champagne and beyond including some in England but this was not just another vineyard tour. You could not fail to be impressed by Alison's knowledge of making English wines and despite our many previous tours we learnt some more. Her friendly informative approach was backed up with some excellent wines tasted in a superbly converted barn. I would recommend this tour to anybody interested in wine at any level."*

OUR WINES

## Our vineyard

**Albourne Estate is a boutique producer of exciting and distinctive single estate, still and sparkling English wines, located on the edge of the beautiful South Downs just north of Brighton.**

We have won multiple awards, including the coveted 'UKVA Wine of the Year 2015', in the few years since we started and are breaking new ground in our production methods and approach.
