*Welcome to the city of witchcraft & magic!  
A breakaway from the traditional style of city  
tour - an experience that better reflects Brighton's  
status as a maverick city of subterranean 'strange  
goings on'. Discover it's esoteric mysteries and  
architecture encoding secret archetypal knowledge  
- traceable to ancient civilizations. 'There are several  
tours on offer in Brighton - none of them are as unique,  
funny, informative or off the wall as this one'*
