PROGRAMME - SIXPENCE

Produced by . . .

Theatre-goers know that every real success is a tribute to the producer.

Mr. Therm in "The Modern Home" (a sustained success!) is the leading man and producer too—producing unlimited hot water from his instantaneous gas water heaters.

Call at your local showroom for details of his brilliant performance.

Do not fail to see the sink heater that gives hot or boiling water. For cash, or on very easy terms.
