From the writer of the classic thriller  
'An Inspector Calls' comes this supernatural tale  
of mystery and suspense.

Whitsuntide, 1937. A remote inn on the Yorkshire moors. A group of strangers are startled by the arrival of an unexpected guest, Dr Görtler. Soon they discover that all their lives are inextricably linked, and a decision by any one of them will have profound consequences for them all. But the mysterious German doctor has a disturbing revelation: perhaps they are not strangers at all and this has all happened before...
