The O Men is an award-nominated superhero soap opera.

Doctor O attempts to recruit a team of superhumans in order to battle against an old enemy, Anathema. But are the team actually interested?

The series follows the stories of the different characters as they attempt to live their normal lives - and try to deal with their own secrets.

And as the team - and their friends and family - are picked off one by one by Anathema, who will survive?

And perhaps most importantly, what does the 'O' actually stand for?

Doctor O
Leader who brings the team together. But what are his real motives?

Rob
The O Men's field leader. His father was the world's very first superhuman, so he's got a lot to live up to...

Created, written and drawn by Martin Eden, The O Men began in 1998 with Volume One running for 28 issues.

Then came Volume Two, which ran for seven issues, until Martin took a hiatus to create his new comic, Spandex.

But now, five years on, Spandex is finished (for now), and Martin is returning to finish off The O Men!

The O Men is being collected across five books - with the fifth book containing the all-new final issues of the series. Everything will be revealed!

Anathema
Pure evil? And watch out for her team - the Vicious Circle...

Grace & Stuart
Telepathic and telekinetic couple...
Why is their marriage in trouble?

Miss Scarlet
Mysterious, sexy, deadly, friend, foe...?
