## Why be a weight lifter?

In grandmother's day they believed that the heavier the iron the better the ironing would be. Morphy-Richards did a lot to break that idea, as your present iron probably proves. And now Morphy-Richards go one better with the 'Atlantic' Lightweight Electric Iron. It weighs only 2½ lbs. and does your ironing perfectly. The whole secret is in controlled, correct heat—evenly distributed all the time over the entire soleplate. No need now to talk of a heavy ironing day. The Morphy - Richards 'Atlantic' makes lightweight work of it.

The iron with the butterfly touch

'Lifetime' element is completely embedded in the light-alloy soleplate. Easily read fabric selector dial. Reversible flux entry for right or left hand users. No Radio or T.V. interference. Comfy-grip handle. 7½ ft. non-kink flex. Body in elegant chrome or delightful pastel shades—primrose, green or blue. All voltages AC or AC/DC.
