Dear

You will find enclosed a thoroughly researched exposé of the subversive magazine *Searchlight*. This is the result of our on-going research, and is the second such publication we have put out. The first, *Searchlight on a Searchliar*, contains a bibliography of *Searchlight* since its inception and is available either from the above address or from ITMA, c/o93c Venner Road, Sydenham, London SE26 5HU at £3.99.

The publication we have sent you is priced at £2.99. If you like it we would ask you to pass it on after reading, and to send us a contribution. For every copy we sell we will be mailing out another to someone in the media. Unlike *Searchlight* we do not have mysterious backers, shadowy Zionist wire-pullers or frightened Jewish businessmen who think the only way they can prevent another *Holocaust* is by subsidising comrade Gable's lie machine and destroying all the precious freedoms our fathers and forefathers supposedly sacrificed their blood to preserve. Up until now everything we have achieved has been done with the generous support of a liberal-minded businessman from his North London copy shop. Sadly, he is now no longer able to support us, either financially or morally.

If we are to break the stranglehold Gable and his kind have over our media we have to get our publications to all media outlets, and to other opinion-makers and policy-makers: MPs, academics, even "anti-fascists" to show them how they have been conned. To do that we need your help, and your money. Please send us a donation, as much as you can, to either of the above addresses, or purchase a bulk order. If anyone would like to make a substantial donation or to talk over investing capital in this project, please write or better still phone.

Yours sincerely,
A Baron, Commissioning Editor and Editor-in-Chief
