

International False Rape Timeline – hangout (68) –

Another Long Hot Summer

This is another pre-recorded hangout, primarily because of illness. The subjects under discussion include *Depp v Heard* and the overturning of *Roe v Wade*, the latter of which has led to hysteria from the American left. I cover the witch-hunt of Brett Kavanaugh and the rape of a 10 year old girl in Ohio.

I cover the UK grooming gang scandal with reference to Kellie-Jay Keen-Minshull. Then I mention war propaganda from Ukraine and India's unique false rape problems. I mention the Ronaldo rape case and explain why it will not be added to the Timeline.

The other cases I cover include:

historical allegations against the DJ Tim Westwood

Marilyn Manson

a bizarre Japanese case

false accuser Jade Wass

suicide victim Clive Makoni

Prince Andrew (yet again).
