## ***Potpourri IX***

**This is a real potpourri covering the claim by the American politician Nancy Mace when she was 16, a claim that his little credibility. The continuing witch-hunt of Donald Trump including ludicrous lies about him documented with a screengrab from a Facebook account.**

**After this I cover a legal report from India about the anonymising of men who have been falsely accused of rape followed by a UK report of homosexual abuse, apparently against a minor all or most of the time. I followed this with a report from Fiji.**

**I cover a report from January 2024 re Prince Andrew, and defend HRH re his association with the late Jeffrey Epstein!**

**I cover yet another smear on Alan Dershowitz and #MeToo allegations by Paula Abdul against a fellow celebrity. I cover a genuine serial sexual predator, a so-called couch server and another genuine rape case from Thailand and a report from the *Times Of India* and another one – rape on promise of marriage.**

**I cover other cases and *Operation Soteria* from which I choose selected cases, which have been anonymised. After that I cover a report on Rape Crisis, Ireland, from 2003.**

**I finish with a false gang-rape case from India.**
