

## ***International False Rape Timeline***

### ***— hangout — (115) Not For The Timeline IV***

**This hangout begins with a lengthy discussion of the grooming gang scandal drawing the distinction between Pakistani rape gangs and so-called Moslem rape gangs, also the difference between paedophilia and hebephilia. I also mention the lies of Owen Jones and the falsely convicted Marie Black.**

**Regarding the gangs, I explain why I am not in favour of yet another public inquiry and explain what should be done instead. I go on to compare the grooming gang cases with the treatment of soccer player Adam Johnson and others including Rolf Harris whose life and legacy was destroyed. I discuss the odious Little Ted's case and deconstruct that little slut Sammy Woodhouse. As I have done before I allude to the Slender Man case in which two 12 year old girls were deemed to have enough agency to stand trial for attempted murder.**

**I go on to discuss in some detail the 2013 trial of five of these lowlifes from the recently released sentencing remarks (linked below) highlighting what I find credible and what I do not.**

**I go on the discuss briefly the idea of sex offender registration then that smear against Harriet Harman that never seems to go away.**

**I go on to discuss the case of Jarrett Adams after playing an excerpt from a YouTube video then deconstruct his claim, which is why I will not be adding his name to the Timeline.**

**I go on to discuss several cases of various historicity beginning with pervert priest Claudius Vermilye who died in 2018. I also discuss an article on false memories, specifically of child sexual abuse.**
