

International False Rape Timeline

- hangout - (117) Rape Complaint WITHDRAWN

I begin with some cases unrelated to the title. Alexander Economou has a book coming out later this year.

I mention Mark Fuhrman's comments on the Prince Andrew case and make my own comments on the chiselling little whore who falsely accused him.

I mention Candace Owens who is re-opening the case of Harvey Weinstein on her YouTube channel. I draw a comparison with the Bill Cosby witch-hunt.

I go on to report on two cases that appeared in (London) *Metro*, one of which involved a bloke removing a condom during sex (something that is called stealthing) and another – which may be genuine – of a dude who was allegedly raped in the small hours.

I discuss another genuine case, a creep who groomed a 12 year old girl over social media.

I make a mistake, confusing the recently deceased Linda Nolan with her still very much alive sister Colleen. It was the former who claimed to have been groped by Rolf Harris. Yeah, sure. I correct this shortly, also inserting an image with a note to that effect.

Jimmy Savile gets yet another mention. When will they allow this poor man to rest in peace?

I give the odious Ayanna Pressley a mention, another *faux* survivor.

I mock Rape Crisis and tell a few home truths about this pernicious network.

I mention also the ongoing lie campaign against Marilyn Manson then turn to discussing rape allegations that are withdrawn. None of these cases has yet been entered into the database but will be shortly.

I cover the Shawn Carter case in some detail then go onto the topic of other retracted allegations beginning with a claim from 2004 which was swiftly retracted.

Next is one from 1997 near Hereford Cathedral. The next is also from 1997, a woman who was clearly not right in the head. The next is from 1990, a false allegation from a prostitute.

The next is one from 1996, another woman out in the small hours.

I mention a case added to the Timeline recently in which a 12 year old boy in Kentucky made up an abduction and rape claim, one that was quickly resolved.

The next case is from Ireland, 2005, like the others not yet added to the Timeline.

As usual, the links below are in the order in which they are mentioned in the hangout.
