Time To Stop This Immoral Trawling

This hangout was inspired by a report that Russell Brand had been charged with two more sex offences. I cover his case, that of the DJ Tim Westwood who has also been charged with historical sex offences, make a few comments on trawling, then play a two minute clip of Alan Dershowitz railing at what he calls the new McCarthyism. Leaving aside the fact that McCarthy was largely correct, he makes some excellent points.

In a criminal trial the judge sums up, the prosecution and defence make closing arguments prior to that, but it isn't incorrect to say (as I did) that the prosecution sums up – that's what a closing argument is.

I go on to compare the feeding frenzy of lawyers and fake survivor re the Epstein estate with that of Jimmy Savile, who died in 2011.

I point out that the child trafficking nonsense re Epstein started with the odious Virginia Giuffre then go over the *Operation Yewtree* witch-hunt.

I go on to discuss an amusing endnote to the Harvey Epstein case.

I finish with a few words more words about Russell Brand.
