

International False Rape Timeline

- hangout (40) - Celebrities And Social Media

I started off with some small talk about live streaming and my personal circumstances, including mentioning my Patreon page and discussing the future of the False Rape Timeline.

I mentioned the recent Cuba Gooding Junior case and historical/delayed allegations.

I mentioned the role of alcohol.

The historical indecent assault allegation against Crispin Odey.

False allegations against Conor Oberst, Donald Trump.

I discussed false allegations and rumours against “powerful” men and women - men are accused of rape, women of dropping their knickers to advance their careers. The latter is often falsely equated with misogyny.

Others included David Copperfield, Brett Kavanaugh, Joe Biden, the Hampstead Satanic abuse hoax (a large number of ordinary people).

I explained why people believe in cover-ups.

I covered the Jeffrey Epstein case, the attempts to set up Cliff Richard and Paul Gambaccini, a very brief mention of Elm Guest House, the odious Gloria Allred and her equally odious daughter. And female psychopaths!
