

The International False Rape Timeline

- hangout (46) - Christmas Surprise

This hangout is a potpourri covering:

Angela Colt - a young lady who drank too much at a fraternity party.

Ethel Bush - police officer and decoy.

A few other cases and the odious Virginia Roberts.

A ludicrous article by Julia Baird, so-called on-line misogyny - ie trolling.

The case of a police officer named Malik.

Freedom Of Information requests - UK.

Somaly Mam - prostitute, rape liar and con-woman.

A case in Canada in which activism by a feminist judge led to the quashing of a rape conviction by an appellate court.

A false gang-rape case and a genuine one, both from Redcar.
