

International False Rape Timeline

- hangout (48) - Media Mendacity

I began with some stories in the news, first and foremost the ludicrous Alexandria Ocasio-Cortez who now claims to be a “survivor” of sexual assault. I played a short clip of her whining.

Marilyn Manson is back in the news for the wrong reason. For non-music fans, Manson is a dude.

I covered the case being brought against the CPS here by Harriet Wistrich and associated uglies. I discussed some of the press coverage of related cases.

I mentioned certifiable lunatic Wilfred Wong, currently residing at Her Majesty’s Pleasure for rescuing (kidnapping) a young boy to save him from Satanic abuse. Unreal.

Regarding media mendacity, I started with a quote from Professor Butz. I explained gaslighting, for the few people who haven’t heard of it.

I covered the Geoffrey Knights case; this wasn’t a sex case but outrageous reporting on it led to the judge staying the proceedings.

I discussed the Ghomeshi case, which can be found on the Timeline.

I covered the Cosby case and in this connection played a short clip of talking head Don Lemon interviewing Joan Tarshis.

I went on to “Operation Yewtree” - Jimmy Savile, Dave Lee Travis, Max Clifford and Rolf Harris in particular.

I couldn’t not cover the John Leslie case in a hangout like this. And the flim-flam of the CPS.

Edward Heath, Harvey Proctor and the VIP paedophile ring nonsense get a mention. It was the idiot Chief Constable of Wiltshire, Mike Veale, not the Chief Constable of Warwickshire who endorsed this rubbish. I got that wrong.

I ended with the cases of Robert Hughes and Cardinal Pell.
