

***International False Rape Timeline – hangout (64) –  
The Rest Of The Backlog***

**This hangout begins with a discussion of the Prince Andrew shakedown by that chiselling little whore Virginia Roberts. The views of Lady Colin Campbell and Lady Victoria Harvey are discussed.**

**Many other cases of false rape, real rape and related matters are discussed including the Marilyn Manson case, the return of false accuser PJ Masten, an allegation against Snoop Dogg, and sundry others, recent and not so.**

**I played some video of an American woman named Shawna who was put on the sex offender registry for life after having sex with a 14 year old when she was still a teenager. Totally absurd.**

**Flashbacks were discussed, also “A Complaint Of Rape” – a documentary from 1982 (on the Timeline); Roger Graef (the man behind it), died March 2. And many other things.**
