TWO NEW PUBLICATIONS FROM ITMA:

Two new long overdue ITMA publications see the light of day on August 2; both are further *exposés* of the Searchlight Organisation.

SEARCHLIGHT ON GERRY GABLE'S NAZI LINKS contains extensive documentation on the activities of self-styled Jewish "anti-fascist" Gerry Gable. How many people realise that Gable's wife Sweet Sonia was once a dedicated racial nationalist, or that Gable has many members of the "Nazi" British National Party on his payroll, men who by his own admission, incite racial hatred? This pamphlet is lavishly illustrated. Gable will have a hard time explaining this one away.

THE POISONED CHALICE OF 'HOLOCAUST EDUCATION' is a critique of Searchlight asset and academic henchwoman Carrie Supple's grossly inaccurate book *FROM PREJUDICE TO GENOCIDE*.

Both publications are £2.99 post free within the UK or £3.99 by airmail.
