The Pharisee-Kike Cohen is a Neturei Karta Kike. The Kike Cohen: "There is no hatred or animosity between Jew and Muslim. We wish to live together as friends and neighbours as we have done mostly over hundreds even thousands of years in all the Arab countries.

It's a great burden to be always right. Not Alt Right, not Kike Right, not Satanic Right, not Bolshevik Right, not Alt Kike, not Third Way Right, not Third Eye Right, not Occult Right, not Sodomite Right, not Left Right, not Anarchist Right, not Left Hand Right, not Right Hand Right, not Green Right, not Red Right, not Masonic Righ, not Moderate Right, not Radical Right ... just right.

**My obituary of Jonathan Bowden, written just after news of his "friends" got news of his death (his family had tried to keep the vultures from hearing about it for as long as possible):**

### **KIKESUCKER JONATHAN BOWDEN'S LEGACY**

Unlike most of the people now gushing over Bowden, I have actually listened to and read scores of speeches and articles by Jonathan Bowden, and read some of his books. And unlike the gushers, I actually understood what he was saying. One thing I'm sure of is the contempt he would have had for most of those who eulogize him, and for their pathetic obituaries.

I like some of of Bowden's commentary on the arts and on social issues; but here is Bowden's political and social legacy:

The promotion of the Zionist and pro-immigration Freemason and State Asset Nick Griffin and his increasingly bizarre cabal as The Face of British Nationalism.

The promotion of the Alt-Kike/Alt-Right movement.

### **Tributes to Bowden**

The prize for Chief Necrophiliac Ass-Kisser goes, unsurprisingly, to Greg Johnson. Kurtegeic and Spenser have well earned their dishonorable mentions though.

They might as well have just gotten together and pissed on Bowden's grave (if they can find it, considering he was dead for a month before any of his "friends" noticed; and if he has a grave, considering how much he loved the thought of his body being burnt to a crisp).

### The BNP

Nationalism in Britain is NOTHING BUT A JOKE because people like Bowden did not NAME THE KIKE, and even befriended The Kike, and dismissed any talk of Freemasonry as 'nonsense'. For all his intelligence and all his talents, Bowden was a coward and an idiot. He was usually either too scared or too clueless to even say the word "Jew". He thought it was great that the BNP under his boss, Piggie Griffin, had become "mainstream", as if that meant the masses were "coming around" -- it just means that Griffin Inc. is increasingly 'kosher'.

Even after getting kicked out of the BNP that he once boasted had 'become mainstream', Bowden Went To The Jew, sucking up to The Kike Gottfried and his acolytes at Alternative Right (Alt-Kike), and to fellow kikesuckers such as Jared Taylor. Alt-Kike and Counter-Currents and American Renaissance are rancid with queers, kikes and/or Freemasons. Dick Spenser at Alt-Kike said that The Kike Gottfried is their 'ideological leader'."

### What is "The Mainstream Media", Johnny?

Bowden, in his last speech, said that the "Mainstream" Media is owned by ...FORCES that are inimical to "us." -- Oh? What "forces"? Who, Johnny? Who? Who?

Bowden's last, pathetic speech was a podcast he recorded for the Zionist *Counter-Currents*, in March of 2012:

Excerpts:

"*Counter-Currents* is, to my estimation, a sort of Right-wing university. [BWAAAAHAHAHAHAHA!] A sort of free access right-wing University on the Internet, a radical Right-wing university.

[...]

"This is an extraordinary problem that we face: the degree to which people do not wish to stand alone. And it's understandable that they don't wish to stand alone, particularly at this time. We must provide them with the courage to do this, and *Counter-Currents* is one of the means by which people can educate themselves to defend themselves and their own honor and future prospects.

"*Counter-Currents* is what I personally believe the best, most educative Right-wing site that I've come across, and it's used by an enormous plethora of people who want information about their own past and their own future. There's a great wealth of material on it,

and it provides this tertiary education of the mind in a radical Right sensibility. I believe that this is crucial if we're to have a future.

"There are various other websites like *Alternative Right* [Alt-Kike] and others, the [now moribund] *Voice of Reason* network, exist to furnish, in my opinion, in a more direct and concrete — and everyday and populist sense — the work that *Counter-Currents* does [Aahh ... so *Counter-Currents* is the queer Zionist vanguard for the kikish White Nationalist movement ("The Point of the Spear!", as Bowden was fond of saying), and the others are more quotidian, otiose and obtuse camp-followers?]. Obviously one wants to see much more of this, and there's no doubt that the Right has gravitated to the Internet in order to get around the censorship that exists almost everywhere else. [Why? Why is there this near-ubiquitous censorship? Who's behind it Johnny? Who?] Because these views are censored almost everywhere else. [Censored by whom? Why don't you tell us, O guru?]

[...]

"'Racism' is a term developed by **[KIKE] Leon Trotsky [Lev Bronstein, KIKE, something Bowden never mentions]** in an article in the Left oppositionist journal in the Soviet Union in 1926 or 1927. It is now universalized from its dissentient communist origins [how did it get universalized, Johnny? by the "rootless cosmopolitan" KIKES?] — don't forget [KIKE] Trotsky was on the way out of the Communist Party of the Soviet Union as Stalin engineered his disposal and the disposal the Left opposition that he led — and that word has been extracted now to such a degree that it is a universal. It's universal, it's become a moral lexicon of engagement and disengagement. If you wish to condemn somebody in contemporary discourse, you say that they are a racist [a KIKE-TACTIC, something Bowden was afraid to mention]. And there's a degree to which nobody can refute you're saying in the present dispensation.

"Only when people gain the courage and the conviction to read what is on *Counter-Currents* [well I've read *lots* of stuff there (that's how I know it's a load of bollocks), so I must be *extremely* courageous and *overflowing* with conviction], to internalize it, and to defend their own possibilities — of development, biologically and culturally — will we see a change here in America and elsewhere. [But Americans have already had their Hope'n'Change -- Obongo brought it. Of course Bowden expressed contempt for Obongo, but would never have pointed out the fact that he is nothing but a puppet change-agent for The Kike.]

[...]

"Why won't Caucasian and European people wake up to Eurocentric verities? [Why not? Because KIKES own and run legislatures, media, and schools. KIKES, you fucking idiot!] The truth is they feel there's always an excuse to put off [as Bowden did, until he kicked the bucket] the prospect of that waking up, and they are always moments — particularly of [KIKE] media intrusiveness — that people fear in their own lives. One of the major halting elements in the re-energization of our own people is the [KIKE] mass media. And it's the control of the [KIKE] mass media by ... forces [KIKES] which are uniquely inimical ["uniquely inimical"? how so? why unique? who/what are these "unique" (singular) forces (plural)? why are they

inimical? is it because they are, like you, Anti-Christian?] to our future development. The [KIKE] mass media plays upon every segment of the masses that exist in contemporary Western society — churns them up, holds them against each other, reroutes them, messes up the agenda of everyone that has his own subtext to begin with, which it is forcing and corralling the points of energy in this society towards. [WHY? WHY? WHY?] Everyone can see this who watches the [KIKE] mass media with half a mind. Then there's just the effect of "prole-feed" as George Orwell called it in 1984, whereby the masses are just fed a cultural industry of excess and exploitative infotainment and entertainment for their own edification, and which is an important part of the overall project. [WHAT PROJECT? WHO'S PROJECT? THE KIKE'S?]

"Only when you can break through the carapace of the [KIKE] mass media, with all its multiple Gorgon-like heads and its Hydra-like amphitheater — only when you can break through that, using the Internet, have you a chance to embolden the necessary vanguard of our own population.

"The first speaker this morning, Greg Johnson [a decadent faggot who advocates forced abortions for biological defectives, with a special concern that White women who have mated with non-Whites have their children slaughtered], talked about decadence. And the debate as to whether it's just a decline — whereas just as I drop this pad it falls to the floor — is it just a decline, or is it a willed decline? Is there a force which is moving this pad down to the floor, metaphorically, and keeping it there and putting a boot on it once it's there so that's it's got no prospect of rising up again or a hand would creep forward and wrench it up from under the boot and raise it back up to the table.

Queer-Ass Zionist Greg Johnson sniffed, and responded to Helvena in his usual, offended schoolmarm manner:

### "LEAVE THE POOR POOR JEWS ALONE!"

Michael O'Meara, *Counter-Currents*, 2011.10.06:

"Jew-obsessed nationalism: is purely negative and potentially distorting; fosters a Manichaeism that neglects every other factor responsible for white dispossession; ignores that the culture of critique and other anti-white stratagems are inherent to America's modern liberal order; neglects the outer enemy; threatens to turn white nationalism into an inverse Semitism; and, in the last instance, has no real idea of what white nationalists are fighting for."

[O'Meara's post-script (in the comments section): "**The anti-Semites...are totally out of control and need a wake-up call; I think their ignorance, reductionism, and resentment are a disgrace to everything associated with nationalism.** Without them we may be fewer (for a while), but we will certainly be better — and better able to convince others that we're not just a bunch of Jew-obsessed crackpots."]

O'Meara, pimping the book, *Why We Fight: Manifesto of the European Resistance*, by Kikesucker Guillaume Faye (Trans. & Intro. by Michael O'Meara, Foreword by Pierre Krebs, [KIKE] Artkos Media, 2011):

"If you read one book by Guillaume Faye, *Why We Fight* should be that book, for it summarizes all the essential ideas of his other books and offers a vision of, and a call to, European rebirth. Faye's goal is to unite whites on the basis of "clear ideas" against a "common enemy." For Faye, the enemy is the colonization of Europe by non-whites under the banner of Islam."

And who brought and is bringing "non-whites under the banner of Islam" into Europe? Did Muslims bring this about? Did KIKES and FREEMASONS have anything to do with it, O'Meara, you weasel?

Strangely, O'Meara used to write for *VNN*, where the motto is "No Jews, Just Right"

<http://www.vanguardnewsnetwork.com/category/michael-omeara/>

O'Meara at *VNN*:

"[Harold] Covington's Trilogy is superb. It is full of memorable characters — classic American types (strong, daring, two-fisted white males) who remind us of our ancestors and not the ridiculous creatures we see on nightly television. It abounds with actions and adventures that evoke our earliest racial memories and reveal what we can be once freed of the Jews' lunar spirit."

"With the advent of globalization and the fourth-generation war it provokes, traditional state systems have everywhere gone into crisis, as anti-national elites endeavor to impose a one-world superstate that reduces everything to the market demands of the Jew-led Yankee money men cashing in on the extermination of white race."

"The system is more and more served by inept muds and the Jews who manage the system's decision-making centers are beginning to overreach themselves, pushing their host people in ways that formerly ended in pogroms."

"The struggle we wage against the anti-white, money-grubbing Judeo-oligarchy is one in which the stakes are literally of world-historical consequence. No measure, honorable or otherwise, is likely to be spared to silence and marginalize our already meager forces. As a consequence, we need to exert the greatest vigilance in ensuring that the loathsome tactics of our enemies do not rob us of the leaders, the ideas, and the critical spirit necessary to the success of our movement. In this vein, I will do my utmost not only to clear [Guillaume] Faye of the unjust aspersions [i.e., the factual statements that he is a Zionist] cast against his good name, but to make certain that all possible subsequent disinformation (which is bound to increase as we become more powerful) be subject to the most rigorous scrutiny."

So he was once dedicated to clearing Faye's name -- the poor man had been slandered as a Zionist! -- but now O'Meara shills for Faye, via *Counter-Currents*, knowing full-well that Faye is an out-and-out long-time kikophile.

Guillaume Faye, in 2007, published *La Nouvelle question juive (The New Jewish Question)* in which he strongly criticized Holocaust deniers and anti-Zionists, and urges Whites to fight to defend "Israel" from being destroyed by the "antisemitic" horde.

Zionist Michael J. Polignano, *Counter-Currents'* Managing Editor and Webmaster (and Johnson's bum-buddy, according to someone I trust, who was a friend of both of them), "The Righteous among the Jews", *Counter-Currents*, 2011.07:

"While most Righteous Jews are secular leftists, they are still Zionists. They believe in a Jewish ethnostate. What they are fighting against is, in effect, the idea that Jews get to have their ethnostate at the expense of the equal right of others (in this case, the Palestinians) to do the same. Well, that's what we White Nationalists want too: ethnostates for everyone — although most Jews would reject this comparison in horror. Zionism is just the Jewish form of ethnionationalism, as White Nationalism is our form.

"I have no problem with Israel requiring a loyalty oath from its Arab citizens, or with Israeli right-winger Avigdor Lieberman's proposal for land swaps between Jews and Palestinians that are designed to put Jews inside Israel's borders and Arabs inside Palestine's borders. The best path to international peace and national flourishing is to adopt a 'live and let live' attitude and work toward the formation of ethnostates for every group, in which minorities will be treated as respected guests with equal rights but until their rights come into conflict with the right of the majority race to preserve its culture and identity in its home country. From an ethnonationalist point of view, no foreign race has the right to deprive the majority race of its right to self-determination."

"In Faye's view, the "Global South," organized under the banner of Islam, is the mortal enemy of Europe. The United States, which favors the Islamization of Europe [why? because it's run by KIKES?], is not the primary enemy of Europe, but merely an adversary. **Faye does not, however, classify the Jewish community as an enemy or adversary of Europe at all.** Instead, Faye views the Jews as a potential ally in the fight against Islamization.

"Thus, at a certain point in his speech, as Faye enumerated the possible negative consequences of the unchecked march of Islam, he said, 'The state of Israel may cease to exist.' But, to his obvious astonishment, this statement was met by enthusiastic applause.

[...]

"As ethnonationalists, we believe in the 'Ein Volk, ein Reich' principle: 'One people, one state' (at least one state per people, although there could be more than one). This means that we support, at least in principle, the nationalism of all nations, the ethnic self-determination of all peoples. We envision a kind of classical liberalism for all nations, in which each people has a place of its own...

[No, Zionism is *not* a species of ethnonationalism. "Zionism" (Kikery) is a GLOBALIST Kike movement. Zionism is not synonymous with the maintenance of a Kike "homeland". That parasitical Kike Entity in Palestine is just one aspect of Kikery. The main characteristic of Kikery is that it is, like *Counter-Currents/Kiker-Queerents*, Anti-Christian. Other aspects of Kikery include the promotion of Queerism, as *Kiker-Queerents* does. And Kikes are neither an ethnic group nor a "faith community". Kikes are part of an ideologically-based criminal network that is dedicated to the subversion of all Non-Kikes, and has certain elements of ethnic/tribal cohesion, even though The Kike itself is not of one *ethnos*.]

"As an ethnonationalist, **I do not object to Israel or Zionism per se. Yes, I object to our foreign policy toward Israel and its neighbors, which is dictated by Israeli interests [KIKE interests] rather than US interests. Yes, I object to foreign aid to Israel that does not serve US interests. But let us be perfectly clear here: These are not problems with Israel per se. ["Israel"/Kikestan-in-Palestine CANNOT EXIST except as a parasite state, and the US is by far the primary host of The Kike Leech.]** They are problems with the Jewish diaspora community in the United States.

"I do not oppose the existence of Israel.

[...]

"Unfortunately, when it comes to the Palestine question, the views of many White Nationalists are clouded by the fact that they hate Jews more than they love their own people, thus they are willing to beat Jews with any stick handy, including the appeal to principles that are deadly to our people as well.

[...]

"I do not oppose Zionism because it is a form of nationalism. [It's the most virulent form of Globalism.]

[...]

"I sincerely believe that a lot of the support for Israel among American and European conservatives is merely a form of sublimated white racial nationalism.

[...]

"Diaspora Jewry regards Israel as a refuge, an insurance policy in case things go bad. The continued existence of Israel may, therefore, make it easier for whites to combat the power of diaspora Jewish

communities in our various homelands.

"Part of Jewish psychological intensity is their propensity to treat every issue as a matter of life and death, which produces the absurd spectacle of the leaders of the world's most powerful ethnic group comporting themselves with the hysteria of cornered rats. The actual destruction of Israel would really give them something to whine about. It would immensely heighten the Jewish siege mentality and toughen Jewish resistance to white interests."

What a pathetic pack of kikesuckers.

I could find them depressing.

But, as Jonathan Bowden was fond of saying...

### **THE NAZI-SATANIST AXIS**

**By [KIKE] Michael Lujan**

#### Part I. THE BLACK ORDER

If Faustus stepped down as Magister of the OSV [Ordo Sinistra Vivendi, New Zealand] it was only to devote his energies more fully to the exposition of "occult-fascism" and the utilization of fascism and Nazism as a part of the global Satanic Master Plan.

The same time he had turned over leadership of the OSV to Jovis Drako, Faustus launched The Black Order of Pan-Europa in 1994, appointing another OSV priest Wulf Grimwald Grand Master. The Order produces a series of brochures explaining the connection between the occult and fascism. Its introductory pamphlet traces the origins of the Nazi Party back to the occult fraternity known as The Thule Society, which had been founded by the Mason and Rosicrucian Rudolf von Sebottendorff, and was itself the activist wing of the German Order which had been established in 1912.

The Thule Society founded the German Workers Party in 1919 as its political arm. This was to be changed into the National Socialist or Nazi party in 1920 under the leadership of a young new recruit, Adolf Hitler. Hitler's mentor was the poet, playwright, Thulist and occultist Dietrich Eckart. The symbol adopted by the Nazi party, the swastika, is an ancient sign of paganism that was also the emblem of The Thule Society.

Many Thutists became high ranking members of the Nazi Government after 1933, including Deputy Leader Hess, and Nazi

philosopher Alfred Rosenberg, whose anti-Christian, pagan "bible", the Myth of the Twentieth Century, was put on the Index of Forbidden Books by the Catholic Church. It was Rosenberg who was a leading advocate of a new religion that would replace Christianity, where Churches would have altars adorned with Mein Kampf and the swastika, replacing the Cross and the Holy Bible.

Another leading occultist in the Third Reich was SS chief Himmler, who established an official occult research division, Ahnenerbe (Ancestral Heritage).

It was this occult connection that The Black Order was established to restore. The aims of The Black Order were listed as:

1. We believe in Uralten - the Original or Ancient One of the Germanics as representative of the creative/destructive force that permeates the cosmos.
2. Our creed is therefore based on the laws of nature, as revealed by science.
3. Feelings of oneness and attunement with nature and the cosmos as manifestations of the Uralten-Force are "good." That which weakens is "evil"
4. Our morality is that which strengthens the individual is "good." That which weakens is "evil".
5. We hold that nature, and therefore history, is cyclic, governed by cycles of life/death/renewal, and that these principles govern the rise and fall of civilizations.
6. The cosmos operates on the basis of polarities, and that the interaction of these polarities causes evolution.
7. Man need not be a passive spectator or victim of the 'gods' or 'Fate', but by understanding the laws of the cosmos can, through his will, be an active agent in the evolutionary process.
8. Those attuned to the Uralten Force flowing through nature have the essence of the Force within, and are links in an evolutionary chain toward the Nizetschean Over Man.
9. Man's destiny is to play amongst the stars; the destiny of his evolution into the foreseeable future: Homo Galactica.

Hence, like Satanism, the goal of The Black Order is to dethrone God and to make of man himself a god, the Original Sin of Adam and Eve who accepted the temptation of Satan to "be as gods"!

The organizational structure of The Black Order is based upon Lodges governed by a Master or Mistress, the ultimate leadership being invested in the Grand Master. The symbol is the Iwaz rune, from the ancient magical runic alphabet of the Germans, this Iwaz rune; rendered by The Black Order as a type of swastika, symbolises the World Tree of Life and Death, surrounded by the evil world serpent of Germanic mythology. Thus we have here a fittingly Satanic symbol, of the Serpent of Evil, Satan, and the Tree of Knowledge the partaking of whose fruit brought sin into the world by the temptation

of that selfsame Serpent! The emblem of The Black Order, for those who understand such occultic symbolism, is obviously one of Satanism in another guise.

The Black Order indeed took on the Satanic aspects of Germanic paganism, concentrating on those deities that were evil even by Germanic pagan standards. Thus the Germanic devils Loki, Fenrir Wolf, the world serpent Iormungandr, and the goddess of the underworld Hela, are worshiped by this cult. Their aim is to instigate the apocalypse referred to in Germanic mythology as Ragnarok when these dark gods will attack Heaven and Earth and destroy all with fire and deluge. Nazism is seen as the principal means of unleashing this chaos upon the world.

The Black Order soon had Lodges operating in Australia, Sweden, USA and England.

Apart from the occultic background of Nazism the connection with other forms of fascism has been widespread both before and after World War II. William Dudley Pelley, the leader of the Silvershirt Legion of America during the 1930s, expounded a form of spiritualism based on race. Major General J.F.C. Fuller, who was to achieve fame as the "father of mechanised warfare" and the blitzkrieg strategy adopted by the armies of the Third Reich, was one of Aleister Crowley's original followers, whose enthusiasm for Crowley was later to be matched by his support for Sir Oswald Mosley, leader of the British Union of Fascists. The first post-war fascist movement to emerge in USA was the National Renaissance Party, led by James H. Madole from 1949 until his death in 1979. Madole, whose life and teachings Faustus has sought to revive by publishing a laudatory biography, combined a range of occult philosophies from Theosophy to Satanism. He was on friendly terms with [KIKE] Howie Levey [Anton LaVey ["Anton Oy Vey LaVey"]] of the Church of Satan, and had connections with the openly Satanic Temple of Baal and Order of the Black Ram, Madole and other NRP members attending rituals of these latter two. Carrying on this traditional connection, The Church of Satan's magazine The Black Flame has published pro-fascist articles, while [KIKE] LaVey himself has declared that there is nothing wrong with fascism. His Satanic Bible, advocating a type of Nietzschean elitism and contempt for the masses, lends itself readily to a pro-fascist interpretation, of which [KIKE] LaVey himself has never objected.

Faustus' principal outlet for this occult-fascism is Renaissance Press, which publishes a large range of booklets on occult-fascism, Nazism and European paganism, while he continues to maintain Realist Publications for more specifically esoteric and Satanic works.

Indeed, two of [KIKE] LaVey's priests, Michael Moynihan and Boyd Rice, both Industrial musicians, are avowedly pro-fascist. Rice is something of a cult figure in the music underground and has added to his notoriety by championing the cause of Charles Manson. Rice runs The Abraxas Foundation (named after the gnostic devil-god Abraxas) which he describes as "an occult-fascist think tank". Moynihan, who is promoted by Faustus' journals and orders, runs Storm Productions and the industrial music project Blood Axis, and is the publisher of the book Siege by the notorious Nazi revolutionary and Manson acolyte, James Mason.

Another of Faustus' principal overseas associates is Christian Bouchet, who doubles as leader of both the neo-fascist Nouvelle Resistance movement in France and as that country's leading advocate of Crowley's Thelema. Bouchet's fascism transcends the old extremes of Left and Right, as his contacts include not only fascists from Britain to Russia, but also Libyan officials and Mexican revolutionaries. He, like Faustus, runs publishing houses dealing with both the esoteric and the political. His esoteric publishing house is Les Editions du Chaos, an apparent allusion to Chaos Magick, and issues books from writers such as Crowley, Austin Spare et al. Bouchet edits an esoteric journal, Thelema, and runs his own version of the O.T.O. He has been a leader of Theban Masonry and is a bishop in the gnostic church.

## Part II. THE WHITE ORDER OF THULE

An offshoot of The Black Order is the White Order of Thule, a US-based group that considers Grimwald its spiritual father, and continues to expand upon his political and esoteric views.

The stated aims and principles of The White Order are virtually identical, apart from a couple of minor word changes, to those formulated by Grimwald for The Black Order, as listed above. The brief 5-point constitution is identical to that of The Black Order.

Indeed, several White Order-associated publishing enterprises, "Strength Through Joy" and "Certainty", serve in large part as American distributors for Grimwald's occult-fascist literature. The White Order also adopted The Black Order's Iwaz runic cross as its own symbol.

Following Faustus' and Grimwald's agenda, The White Order's avowed aim is to put an occultic dimension into the US fascist and racist movements, many of which have adopted a corruption of Christianity called Identity, which declares the white race to be God's Chosen People, condemns the Jews as the children of Satan, and identifies Negroes as "beasts of the field." The White Order offers a substitute religion which it considers the "light" or Luciferic counterpart to the dark of Satan, considering Satan and Lucifer to be representative of two aspects of the cosmos. In organizational terms, then, The White Order is the light or Luciferic counterpart The Black Order's dark, or Satanic fascism. Both work symbiotically. However, as The White Order explains in its brochure Wherefore Satan? An Introduction to the Sinister Aspect of the White Order of Thule,

"We nevertheless acknowledge the importance, nay, the necessity, of giving voice and expression to the 'sinister', or darkside of our nature. ... While we do not profess to be a 'satanic' or 'sinister' order, we have previously acknowledged the dutiful place of what we call the Black Order... "

The brochure goes on to acknowledge the potency of Satan as the leading symbolic rebel against Christianity.

"Would it not benefit us to tap into the energy latent in such a symbolically, and therefore potentially, destructive symbol in order to aid the natural process that is birthing the New on the ashes of the Old?"

The White Order also acknowledges the place of Church of Satan founder [KIKE Howie Levey] Anton LaVey in giving popular expression to the complex ideas of the "anti-Christ" philosopher Friedrich Nietzsche whom, we have seen, was a seminal influence on the birth of fascism, and who is a principal influence on the Faustian Satanism of the OSV. Finally, The White Order acknowledges Loki as the specifically Germanic personification of Satan.

Hence, the agenda of The White Order has taken its cue from its spiritual founders, the New Zealanders Faustus and Grimwald, to subvert and utilize Nazism and racism as a means of inaugurating a New Satanic Order upon the ruins of Judaeo-Christian morality, where compassion, humility and charity will be purged as the morality of the "weak", as per the dictums of Nietzsche, Crowley, [KIKE] LaVey...

**[KIKE] Rabbi Ahron Cohen addresses the New Right on Judaism v Zionism**

**By [KIKE] Alexander Baron, *Digital Journal*, Jun 5, 2012**

London - Rabbi Ahron Cohen of Neturei Karta was one of the speakers at the 39th meeting of the New Right in Central London this Sunday.

The 39th meeting of the New Right in Central London was something of a bitter sweet affair because it was a memorial for Jonathan Bowden, whose premature death at the age of just 49 has left a void which in one sense can never be filled.

The meeting was organised as ever by theology graduate Troy Southgate, and featured three speakers including Rabbi Ahron Cohen of Neturei Karta who spoke on an issue that has come increasingly to the fore in recent years, Judaism v Zionism.

It fell to me to introduce the Rabbi, before he spoke I asked him how old he was; he said there are two questions he never answers: how old is he and how many children does he have. He is certainly older than the Queen though, who was about that time sailing up the Thames as the high point of her Diamond Jubilee celebrations.

Rabbi Cohen spoke of what he called the Zionist heresy, a phrase that was once in fairly common use by both Torah-true and secular Jews. From its inception by Theodor Herzl, Zionism was a nationalist movement that had no religious affiliations at all, although later it would attract a religious following, including of Christian fundamentalists.

These facts are indisputable, but when he said all the troubles in the Middle East have been caused by Zionism, in view of the Arab Spring and the ongoing massacres by the Syrian Government, that statement appears something of an exaggeration. It is true nevertheless that what he called the inexplicable and at times unconditional support of the West - Britain and America in particular - for the Zionist entity has done a great deal more harm than good.

Along with Troy Southgate and probably everyone else in that room, Rabbi Cohen and his organisation have been subjected to calumny and vilification; here is the ADL's take on Neturei Karta.

According to Planet Foxman, Neturei Karta is minuscule, and of course they have met with the man who called for the destruction of Israel. No Abe, President Ahmadinejad called for no such thing, and however many times you parrot that lie, Obama ain't gonna bomb Iran.

The Neturei Karta position is one that is derived from the Torah itself; namely that Jews were scattered among the nations by the Almighty, and that they will not return from the Diaspora until the end of the world. As a corollary of this, they should be loyal citizens of the countries in which they live, which is where they come into conflict most of all with the ADL.

While the Zionists use anti-Semitism as a big club to batter the goyim over their heads, for the devout Torah-true Jews it is a sign

that they are doing something wrong. The Rabbi differentiated what he said was the ancient bigotry of anti-Semitism with the response particularly in the Moslem world to Zionist atrocities, and said the actions of the Zionists endanger Jews everywhere.

This is of course a classic reaction of unsophisticated minds, and indeed of some highly intelligent ones. Most of the Islamist terrorism directed against the US, Britain and other Western countries is a direct result of the foreign policies pursued by our governments, often in the face of overwhelming public condemnation. To the fanatics, we are simply heathens who deserve to die; to understand this is not to condone it, ditto the reaction of some extremists to Jews rather than simply Zionists.

The Rabbi said he was in favour of a one-state solution, even an Islamic state, but that the Zionist state must come to an end, pointing to the end of Apartheid in South Africa and the fizzling out of the Soviet Union, both of which entailed little actual bloodshed, although problems remain for both.

After his speech, the Rabbi took some questions, including from someone who alluded to Jewish financial hegemony over the world, in particular by the Rothschilds. Obviously he didn't realise the Rabbi had come down from Manchester by train rather than private jet; in any case, this was the New Right, not spot the Rothschild Zionist with David Icke, and as Alessio Rastani said, it is Goldman Sachs that rules the world.

### **Hearing Jonathan Bowden**

**By Gussedworker, *MajorityRights*, May 3, 2012**

There have been few, if any, figures in the recent history of patriotic and nationalist politics in Britain of the intellectual calibre, depth of knowledge, and sheer talent, particularly for oratory, of the much-mourned and missed Jonathan Bowden, who was buried this week. He was a creative force, and he leaves behind him a body of work in the form of his speeches, philosophical musings, and critical writings

that testify to his place in the history of the dissident right.

I heard Bowden speak in person only once. The place was a function room above a none too salubrious but suitably anonymous pub "somewhere in Central London". The occasion was one of the early meetings of the London New Right, affording him an audience of about three dozen earnest believers, almost all of them garbed in funereal or, perhaps, far-right black, as requested by the organisers for the purpose of recognition. They said. His subject was Nietzsche (and that really was his subject). I saw then what we have all seen since on YouTube. He was, it must be said, not at all a physically impressive specimen. He had an open and engaging but strangely broken face, and a quite short and stubby build. To my eyes, he looked like he might have suffered a childhood injury to the spine but, by his indomitable spirit and burning intelligence, had risen above all the doubts and vicissitudes that would have bested lesser men to critique and challenge the very nature of the world about him.

As a speaker, he certainly dominated the room both physically and vocally, not unlike some tragedian giving a Shakespearian monologue. But there was a dichotomy in it somewhere. While his expansive, emphatic hand movements and charged delivery testified to his command of subject matter and his appetite for the performance itself, there was also a tension, an uneasiness that made him restless on his feet. He rocked to and fro constantly as if he didn't entirely want to be there and might, at any moment, turn on his heels and escape. But in the voice there was no hint of brittleness. His rather nasal, stentorian tones - thrilling but not easy on the ear - now rose in ringing mockery of some philosophical concept to which he took exception, now fell away in some personal recollection, anecdote, or aside. He had a great line in off-the-cuff political humour.

**Almost everyone in that room, including me, was carried along with him. The exceptions were sitting just to my left. A lumpen, tattooed man and, presumeably, his dear lumpen lady had attended for the purpose of distributing some monocausal literature. The male lump turned to stone in his seat when Bowden's peroration arrived at point of naming the final cause of all our woes. Arms spread as if in supplication (though to which god I could not say) he told us simply, "It's liberalism, really."**

During "questions from the audience" the male lump jumped in to exercise his vexation that Bowden had failed to identify the true source of all evil. No doubt suspecting that he was in the presence of a coward, and calculating that every good nationalist in the room must be thinking the same, he demanded Bowden's avowal of the proposition that, never mind all this fancy stuff, actually it's the Jews. For a second Bowden was thrown off-guard, as if he had just been asked to jump off a cliff for the cameras. Probably the security cameras. But in reply he revealed a (senior) politician's tact. The New Right, he explained evenly but quite firmly, is a movement dedicated not to the Jewish Question, which is pored over in exhaustive detail in just about every other nationalist forum, but to **the exploration of dissident intellectual and cultural responses to modernity**. That last word was pronounced, indeed, brayed with a theatrical harshness to connote its special status. Never mind the JQ. It's

modernity, the unique negative.

The **lumps** were nonplussed by this display of creative resistance from a superior mind. The **hassfest** was derailed. A gift to our enemies, if any were present, was denied. The couple walked out with their precious cargo at the interval, probably more in disgust than disappointment.

**The Lumpen Tendency** would return to plague Bowden and force him to curtail his generously given and highly valued speaking services to BNP branch meetings, perhaps the most inglorious of all the disgraces of the Griffin era. (so far). It was as much an attack on the members, who loved hearing Bowden speak, as it was on Bowden himself. But it is safe to assume that Bowden's popularity was also the reason for the attack. After all, we can't have the most talented threat man in British nationalism piling up all that high opinion among voting members, can we?

As a result of his travels to BNP branch meetings there must be many hundreds of nationalists who have a first-hand account of Bowden the speaker. Bowden the man, however, remains elusive. Who he really was is something he guarded closely for reasons he likewise never explained. The most we distant onlookers can say is that we know something of the publicly presented face, but we never knew him. I can make no claim even to have had a worthwhile conversation with him. My two attempts to do so came to nothing, sadly.

The first was during that interval in the New Right meeting. I took the opportunity to introduce myself and compliment him on his speech. In the course of it he had invited his audience to agree with him that "a life of glory" was the ultimate life, and the renaissance of our race is contingent upon our striving towards it with the appropriate Nietzschean regard. Seeing such a life as confected and a pretence - a fake never more shamelessly exhibited than in National Socialist Germany - and striving towards it via action as the one sure way to guarantee not a rebirth but total disaster, I couldn't (and still can't) go along with him. I asked him a couple of questions about honesty in life. But it is difficult-to-impossible to discuss the godless universe with an essentially religious thinker, and Bowden the man was such. I plainly didn't do a good enough job, anyway, and the conversation failed to develop.

My only other contact with him was even less productive. He topped our readers poll of nationalist figures whom we should seek to interview for the radio project. So I began the research into his published work, and contacted him. At first he was wholly onboard. But, as was his wont, he eschewed such modern contrivances as Skype. While I was figuring out how best to digitally process his rather thin, nasal telephony signal alongside my fuzzy Skype burr he lost interest and stopped answering my mails. So there is no MR interview today to hear again, to ponder, and to quote.

Notwithstanding that small loss, how and for what will Bowden be remembered by nationalists? Short of the outbreak of a civil or race war, there is surely no question that his appeal to the Nietzschean solution to modernity (which, broadly speaking, has been the default ideology of nationalism since the 1930s) will pass our people by. It is too early to say whether a new idea will fill the philosophical void and

present a viable challenge to liberalism and globalism. But history is leaving the old-school British nationalist and his thinking behind, just as his most eloquent spokesman has left him.

I suspect it will be for his political rather than philosophical labours that Bowden will be best remembered, and remembered with far more love and respect than the martinet who forced him to end them. It is the ordinary British nationalist - the good, patriotic men and women who packed the branch meetings to hear Bowden speak and were enthused and inspired by him - who will decide that. How ironic, then, that in this small way *Jonathan Bowden achieved what all nationalism seeks to achieve: to be loved by its people and feared by authority.*

What "Nation" loved Jonathan Bowden? What "authority" feared him?

Kikes certainly had nothing to fear from that kikesucker.

### **A HART FOR KIKES**

Alan Hart is also a great supporter and friend of the Neturei Karta Pharisee-Kikes (the Kikes that Ugly Mark Glenn pretends to hate):

Alan with Rabbis representing  
Neturei Karta (Orthodox Jews  
Against Zionism) in the UK

***Ugly Troofer & "Veteran" Alan Hart with his Neturei Karta Pharisee-Kike Buddies***

Hart is friends with Kike Gilad Atzmon, Kike Alan Duff and many of the other Ugly Troof Kikes. Hart is promoted at Ugly Glenn's *Ugly Troof* kike-site and Kike Alan Duff's *Veterans Today* kike-site.

Alan Hart is the author of the 3-Volume "Zionism: The Real Enemy of the Jews."

Yes, another one of these "Zionism is bad for The Jews" people.

This book was praised by Ugly Glenn and the Kikes who write and yap at *Ugly Troof*.

Hart, like the rest of the Ugly Troof & VT Kikes, and in common with many of the Alt-Kike Alt-Righters, and their neturei Karta allies, says that Zionism and the Kike-State they always falsely call "Israel" is "the greatest enemy of Judaism and the Jews, Oy Vey!"

Here's Hart's own sales-spiel, in which he refers to himself in the third person:

**Zionism: The Real Enemy of the Jews is a journey through the propaganda lies and truth of history.**

[...]

The insight Alan brings to the pages of this book is assisted by revelations from private conversations he had over the years with leaders on both sides of the conflict, including the two greatest opposites in all of human history – Golda Meir, Mother Israel, and Yasser Arafat, Father Palestine.

Written in his down-to-earth, television reporting and conversational style, the book reads more like a novel than a conventional history.

[...]

Israel, the child of Zionism, became its own worst enemy and a threat not only to the peace of the region and the world, but also to the best interests of Jews everywhere and the moral integrity of Judaism itself.

The key to understanding, the author writes, is knowledge of the difference between Judaism and Zionism. He explains: "Judaism is the religion of Jews, not 'the' Jews because not all Jews are religious. Like Christianity and Islam, Judaism has at its core a set of moral values and ethical principles. Zionism is Jewish nationalism in the form of a sectarian, colonial enterprise which, in the process of creating and then expanding in the Arab heartland a state for some Jews, made a mockery of Judaism's moral values and ethical principles and demonstrated contempt for international law and the human and political rights of the Palestinians. That's why, for example, Nazi holocaust survivor Dr. Hajo Meyer titled his latest book *An Ethical Tradition Betrayed, The End of Judaism*.

The author adds: "Supporters of Israel right or wrong conflate Judaism and Zionism because the assertion that they are one and the

same enables them to claim that criticism of the Zionist state of Israel is a manifestation of anti-Semitism. Often, almost always these days, the accusation that criticism of Israel is anti-Semitism is false. And this false charge is the blackmail card played to silence criticism of, and suppress informed and honest debate about, the Zionist state and its policies. The reality is that Judaism and political Zionism are total opposites, and knowledge of the difference is the key to understanding two things. One is why it is perfectly possible to be passionately anti-Zionist – opposed to Zionism’s colonial enterprise – without being in any way, shape or form anti-Semitic (anti-Jew). The other is why it is wrong to blame all Jews everywhere for the crimes of the hard core Zionist few in Palestine that became Israel.

This is the kind of garbage promoted and praised by Ugly Glenn, who poses as a hardcore opponent of everything “Jew”, including Judaism (including the Bible, which Ugly Glenn says is Judaic).

Hart writes that his greatest treasure is a signed photo of Kikess Golda Meir, his great friend (ex-PM of Kikestan-in-Palestine; deceased), whom he calls “Mother Israel”:
