Dear Subscriber,

Due to the successful disinformation campaign waged against us by the lackeys of political Zionism, we are no longer able to send out our publications free of charge. We have been unable to attract the substantial financial support necessary to run an operation like this, which, ideally, requires an office and a full time staff of at least three. Therefore, unless we are able to raise this support within the next few weeks, we will have no alternative but to cease publication, and the Zionists will have won again. And, if they do, ultimately we will all lose. We urge you to support us as far as possible. We particularly urge editors to support us by bringing our existence to the attention of potential sponsors.

URGENT APPEAL

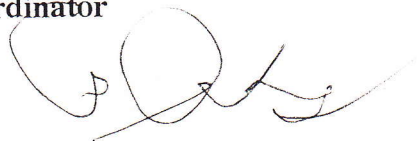

We had intended to mail out the enclosed bulletin about Zionist atrocities in Occupied Palestine to 20,000 Jewish households. This will now be impossible unless we can raise the necessary funding, which seems unlikely. We have another information pamphlet in the pipeline which we have also had to put on hold. We urge you to use whatever influence you have to encourage all those favourable to peaceful change in the Middle East to support our campaign as far as possible. Contact number for further enquiries +44 (0)81-659 7713, (24 hours).

yours sincerely
