WHO WHAT WHERE LONDON Continued

JONATHAN CLARKE Econ 80 finally escaped from BT is now flying a Fokker F27 from Bournemouth and getting paid for it. **PENNY FROST** Lit 72 says it's about time a few more 1972 graduates stirred themselves to reveal their fascinating career patterns to the world. She's got 'two kids, Rebecca (5) and Stephen (4), who are teaching me everything about life that Essex failed to put me in touch with!' She gives news of **PENNY BROWN** Gov 72 and **STEVE KERR** (packed up Comp Sci in 71), they are now living very happily with their two kids (Andrew 6 and Gordon 3) in Tasmania. In April they had what she claims is the furthest flung Essex reunion yet, and Tasmania is a great place to be!

DIANA CLARK Lit 72 claims she is not a senior lecturer in Literature. **PHIL SPIEGELHALTER** Telecom 76 organiser of the Reading non-event gives details of the delights of working for Sony Broadcast and Communications as a Senior Lecturer. There are Japanese lessons, staff purchase schemes and a splendid staff canteen which means he will be putting on more weight, oh dear! Has met **JOHN ALDHAM** Comp 77 again and attended the Conference of University Convocations as a representative of Essex, is hoping to find ways of raising money for our Convocation/University. He says that the scale of some other convocations is very large.

The ubiquitous **PETER AVIS** Maths 67 is now earning a crust writing about music for various people and hoping that lots of his old mates and colleagues from 64-67 will turn up at the 25th Anniversary Celebrations at the University during 1989.

MARK TAHA Hist & Gov 80 is trying to make a living. Would like to hear from people he used to know e.g. certain members of the Campaign Against Answering Letters (early 1980's). Would also like to remind Mr Lee Gov 87 of some of Voltaire's words.

SEAN POPPLEWELL Law 86 is a Barrister and soon to be married in Australia; **IAN BUNCE** Econ 86 asks — where is Helen now? **ANDREW BEADLE** Pol/Econ 86 is married with three children and a cat, still at the Bank of England and asks — what about those Socialist principles? **MANDY TOMS** Law 86 is married to a Bank of England official and Soliciting in Southend. **MALCOLM TUVEY** Gov 86 is 'married with one on the way'. **SARAH OSBOURNE** Econ 86 is married with two on the way (where's Malcolm?).

Also there was **RAD RICE** who claimed to be unemployable and **PAUL 'MAD DOG' ROBINSON** Chem 86 asking 'where are you Murdoch? Ed 5 is calling you.'

PHIL REYNOLDS Gov 86 is on the other side of the law — as a students grants officer. **SUE RATHBONE** Econ/Gov 77 is still with BT — 'our department has been reorganised (how surprising in BT!!) and I have just taken Foundation Stage Institute of Purchasing and Supply and am now in line to become Buyer 18th in line to Chief.'

PANTELLI YIANAKOU Phys 87 is a Foreign Exchange Dealer with Girozentrale, Vienna; **TAMARA HEADLEY** Phys 87 is a Commodities Broker (wherever). **FRANCO CARAMAZZA** Law 86 has recently qualified as a barrister.

DAVID GOLDSMITH Hist 86 is selling shares in Birmingham; **MARY ANNE POXTON** Lit 86 is in Personnel; **MARK RUSSELL** Econ 86 is an Assistant Dealer at Tamokobe. **BILL WILD** AFE 88 is an Accountant (in his own words — boring!!). Sentiments which **KATHY KIRKHAM** AFE 88 echoes, she's also an Accountant.

NEIL PRICE Bio Chem 86 is apparently a professional student and off to Switzerland to do some skiing. **STEVE SANSOME** Lit 79 offered a multiple-choice entry — we favour the Educational Consultant in Barking as being the most likely. **TERRY FENTIMAN** Biol 86 is a shelf stacker at Sainsbury's, Croydon and soon to be married to Jane. **MARK PAWLEY** Econ 86 is in Corporate Banking with Nat West and can be contacted on 01 578 8396, while **DAVE GILES** Lit/Lang 86 swears he is a perpetual virgin and teaboy.

OKSARA HIGGLEDEN (née **MARTYNIUK**) Hist/Gov 84 is a PR Accountant Executive in an advertising agency; **TIM CROOK** Econ 83 is in Stockbroking; **RICH POWELL** Elec 83 — the entry cryptically states 'Renault 25 adverts'.

BARRY PEARCE AFE 87 claims to be a personal advisor on intimate matters to young ladies in Fulham (or something similar — Ed). Will marry M Smith in August. **NICI MITCHELL** Econ/Gov 88 is 'taking it easy and smashing company cars up!' and added an insulting message for Rad Rice. **GRAHAM PIPER** Econ 87 is enjoying life as a Lobsterman and eating many a seafood platter; **PAUL BRANAGAN** Gov 88 is a Fitness Advisor to Wolverhampton Football Club; **PAUL GIBLIN** Hist 86 is 'growing old'; **TIM CARLIER** Gov 87 says he can't push Kim Barnett out of Derbyshire side and **BRAD BARNAH** PMA 88 hopes that all WM7 are unemployed! **FRANK MCAVENNIE** Phys 84 has just signed for too much money for a major sports/entertainment outfit in East London.

Is it him?
