Dear Alexander Baron,

I heard about your literary freeware project in a writers magazine and requested a copy of the program last year. It was a most remarkable program and I am very grateful for it. Who knows, it could help pioneer a new art form?

You said that an update of the program should be available after Christmas. If so, could you please send me the update? I enclose a formatted 3.5" PC disk and a SAE. If the update is not available yet, I would appreciate it if you kept my disk and sent me a copy as soon as it is ready.

Thank you very much.

Yours sincerely,

Nadeem Azam
