

Dear Ted
Sorry I haven't got a Christmas card
to equal your wild one! Thank you.
Here's the Bill typed out, plus your
notes you sent me before.

Please include:- age of consent for gays to
be same as straights, plus freedom for them
to have sex (not necessarily in Private) ie
in 3's.

Hope you can see Blandford soon.
I was amused that my chapter in Tales from
the Clit - the new FAC book was censored!
I'd written a para attacking women on the grounds
of being prudy, mean with sex & wanting strong, healthy
men as partners ie not men with stammers etc. This

was omitted!

NB. I've marked a few bits that look wrong.
