Dear Ted

Glad you're coming on Monday -
I've put you on the door.

Enclosed is a complete package
as given to me by Weba Media
at the Trotica Festival, in which
they claim they're the first
anti censorship campaign in Britain.

I think you might like to
write a heavy letter to inform
them otherwise - they've been
unreceptive to anything I've told
them but I really feel we
should strike some repartee.

Let me know what you think
& save the pack as it's the only
one I have

Tuffy
