N. C. R. O. P. A.

Dear David,

further to our drink and chat after the I.C.A. seminar yesterday, I have just received from Jane Cousins of DLAS, the letter for which I was waiting. I enclose a photocopy for you. Although the letter is dated 28.2.77. it was not posted until the 22nd March. 1977 - hence the delay. As you can see from the enclosed photocopy, the letter is not enthusiastic about NCROPA. This, coupled with the fact that no advertisement for NCROPA was included in Issue No.1. of "Uncensored," the journal of the DLAS (although advertisements for other organizations were included), means that NCROPA cannot expect much help from DLAS.

I also enclose a duly completed membership - enrollment - form, together with a crossed postal order in favour of N.C.R.O.P.A. for £5. In accordance with your instructions I am trying to recruit more members. To do this I have sent membership forms to some sympathetic people. I have also written to some contact magazines, enclosing membership forms and requesting that the magazines include free advertisements for NCROPA. These magazines are likely to be sympathetic because they are sometimes prosecuted. I hope that as a result of my efforts, you will be receiving more applications for membership soon. Our best hope of success is to expand into a large organization, independent of other organizations such as DLAS.

Very best wishes from Ted.
