Twenty-one years ago, Peter Tatchell appeared on the front cover of the now thankfully defunct homosexual freesheet *Capital Gay*. This was no pose for the camera, he was being led away by police after being arrested outside a Hizb-ut-Tahrir conference at Wembley where he had been carrying a sign proclaiming ISLAM NAZIS BEHEAD AND BURN QUEERS.

Tatchell is an unwanted Australian import; in 1983 he stood as the Labour Party candidate in the now notorious Battle of Bermondsey by-election, and managed to lose a safe seat. This showed that at that time the ordinary working people of London and the UK were not prepared to elect an out homosexual. That has long since changed, now, not only do homosexuals aspire to but actually hold high office throughout the Western world, and

provided they don't take their sexuality to work with them, there is no reason they should not.

The big question is when will the Moslems of London or anywhere openly “embrace” homosexuals? Actually, that is not such a big question, the answer is the day after the 12<sup>th</sup> of Never and then some. Alas, some people never learn. According to *PinkNews*, Mr Tatchell has now **launched a new campaign** to “convince everyday Muslims to embrace LGBT rights” and has recruited a number of LGBT Moslems to join his *jihad*. What exactly is an LGBT Moslem? One of them is named as Sohail Ahmed. Ahmed is actually an ex-Moslem; if you hear him speak he is obviously an intelligent man, and realises he can either bow down in the mosque or bend over in the bathhouse, but not both.

Believe it or not, there are a handful of self-styled *gay* Islamic organisations, but they have no more credibility than the *gay* Nazi group that once existed in San Francisco.

While Tatchell and his “Moslem” poodles may see this latest campaign as attempting to build bridges, Moslems see it in an entirely different light, as does **most of the rest** of the non-white world; Moslems especially see it as an attempt to not only foist sexual perversion and decadence on their religion but to corrupt their youth, and as Tatchell in particular has called for lowering the age of consent to 14, it is difficult to argue with that claim, in spite of the **heavy qualification** he attached to it.

If he persists with this in the East End of London which has a large and fairly orthodox Moslem population, he and he alone will be responsible for the violent reaction that will surely follow.
